

"10 Reasons Why The SD501 Cost is Way Less Than Free" and "Why No-One Can Risk Not Owning an SD501"

By Ed Johnson, J.D., Attorney © 2012

Dear Friends,

This may well be one of the most important articles I have written in my almost 68 years, and that you have ever read. I strongly recommend that you read it very carefully. It could well change your life, and the lives of others whom you love and care about. Think about that...

I've had more than a few people express "Sticker Shock" when they learn the \$3,980 "Price" of the Enagic SD501 alkaline water ionizer. So now, before I state "The Price," I always make sure they first know and clearly understand **"The Value" of the SD501... And...When "The Value" is subtracted from "The Price," the real "Cost" actually becomes Way Less Than Free.**

The Enagic "SD501" Model is a Registered Medical Device in Japan by the Japanese Ministry of Health, Labor and Welfare (the Japanese equivalent of the FDA) and is used in over 250 Hospitals and Clinics, 30,000 restaurants, and 1 in 5 homes, in Japan, and it has 14 Certifications and Awards. It is built to last for 15 or 20 years, and the Flagship SD501 unit may be rebuilt to last an additional 15 or 20 years after that.

Even before looking at and considering the Ten Significant "Values" listed below, consider that the amortized cost of the SD501 unit over its 20 year expected life is only 55 cents per day. Selah.

Below Are Ten Reasons Why The SD501 "Cost" Way is Less Than Free!!... And Why No-One Can Risk Not Owning An SD501!! The 10 Obvious "Values" that occur to me are:

1. **Your Own Health...**The value of what Kangen Water® brings to your health is **Priceless**. e.g. See 60 the testimonials at <http://downloadmyebook.com/emjohnson/water/index.html>
2. **Removing chlorine (a known deadly carcinogen) and other deadly chemicals** from your drinking water. Note: 60% of bottled water is not any better than tap water.
3. **Removing deadly pesticides from all your fruits and vegetables.** See e.g. "blueberries" (52 pesticides)," and "tomatoes" (35 pesticides), at www.whatsonmyfood.com
4. **The average Annual Tax Saving of \$5,000 per year.** And, most ordinary expenses can be turned into legitimate tax deductible business expenses. See www.homebusinesstaxsavings.com
5. **The \$4,000 tax deductibility of the SD501 unit...**at least \$1,000 in tax savings (in a 25% tax bracket)
6. **The saving of no longer buying expensive bottled water** that is deleterious and hazardous to your health and life, because it is acidic and oxidizing. See "Cost Comparison" at (Click here)
7. **The saving of no longer spending money on acidic and oxidizing beverages** such as soda water and sports and energy drinks that are all highly acidic and oxidizing. www.kangendemo.com
8. **The stress reduction** resulting from knowing all the good you are actually doing for your health by deleting acidic and oxidizing tap and bottled waters, soda waters, and sports and energy

drinks, and instead turning your body into an alkaline balanced pH, that is actually a “Kill Zone “ for sickness and diseases. Stress is the underlying fundamental cause of sickness, illness, and disease.

9. **The Enagic Patented Customer Rewards Program, that can and usually will pay for your unit within 2-3 months**, and thereafter produces increasing residual income. In our own family, for example, **our daughter** and son in law (custom home sales) have **earned over \$200,000**, **my son** (a financial planner of 25 years) and daughter in law have **earned over \$300,000**, and **Yvonne and I** have **earned over \$400,000**...(All since April 18, 2009). **Those are all unheard of ROI's on a \$4,000 investment in our health**, and with **absolutely no risk, no overhead, and it's a lot of fun!!** People who enjoy a good reputation and have credibility and influence can and easily do earn over \$100,000 within in their first 12 months, just as our own family has done.
10. **The Story of my best friend, Bill Powers (66)**. In 2009, Bill was \$50,000 in 23% credit card debt, and was dying of stage 4 throat cancer when I introduced him to Kangen Water® on April 18, 2009. After he fully hydrated his body on a daily basis with Kangen Water®, his immune system was able to kick-in, and he immediately improved, and was declared cancer free on Dec 31, 2009...And, **in his first year thereafter, he earned \$106,000**, and paid off all his credit cards. **He's now earned over \$200,000 since April, 2009. So the 4 of us, Bill, my son, and son in law, and myself have collectively earned well over \$1 million on our one-time individual \$4,000 investments in well less than 3 years.** That's a good “Health Investment Club” to belong to!!

There are many other benefits, such as: *Being a Life Enricher to your own family, to friends, and to many others*, having pajama days almost whenever I want to, not having to drink distasteful, unhealthy, and toxic oxidizing and acidic water, or to have to drive in rush hour traffic, or in the rain...I only put about 600 miles a month on my SUV, and set my own schedule, and can “sleep-in” and take afternoon naps, no travelling away from home (unless it's for fun)...It's a very nice stress free, and relaxed lifestyle!! I have lunch twice a week with my Yvonne and our little Story Lefay (our 18 month old granddaughter) who stays with us on Tuesday mornings and we watch “Grandfather Reads,” while our two daughters go to a ladies bible study, and all day on Wed (which is a real joy). I am also available to pick up our 8 year old grandson, Jett, after school, and take Jett and Jace (4) to the park on Sundays. Being an “available grandparent” is a Joy and a Blessing...And It's Great Fun!!...That's Lifestyle!!

So, from these and other standpoints, the Enagic SD501 unit is indeed Way Less Than FREE!!...And it's a Medical Grade **Health and Income Generator!!**

With Warm Regards,

Ed
